BOOK SYNOPSIS

Die zweite englische Auflage dieses erfolgreichen Lehrbuches ist nun auch nach dem bewährten Konzept der „Budras-Atlanten“ durch namhafte Experten aus der Anatomie und der klinischen Medizin um die klinisch-funktionelle Anatomie erweitert. „This is a much-needed textbook-atlas that depicts bovine anatomy. It is appropriately organized such that it can easily be the single book that veterinarians refer to when an anatomic question needs to be answered about this species. It is most definitely worth the price.“ JAVMA - Journal of the American Veterinary Medical Association

BOVINE ANATOMY AN ILLUSTRATED TEXT - Are you looking for Ebook Bovine Anatomy An Illustrated Text?
