BOOK SYNOPSIS

"Diana Mayo is young, beautiful, wealthy--and independent. Bored by the eligible bachelors and endless parties of the English aristocracy, she arranges for a horseback trek through the Algerian desert. Two days into her adventure, Diana is kidnapped by the powerful Sheik Ahmed Ben Hassan, who forces her into submission. Diana tries desperately to resist but finds herself falling in love with this dark and handsome stranger. Only when a rival chieftain steals Diana away does the Sheik realize that what he feels for her is more than mere passion. He has been conquered--and risks everything to get her back. The power of love reaches across the desert sands, leading to the thrilling and unexpected conclusion. " The Sheik is recognized as the immediate precursor to the modern romance novel. Despite controversy over its portrayal of sexual exploitation as a means to love, The Sheik remains a popular classic for its representation of the social order of its time, capturing contemporary attitudes toward colonialism as well as female power and independence that still strike a chord with readers today.
